Azusa, California 91702

We have amended Ancra International LLC's, Production Limitation Record (PLR) dated November 26, 2013, to include part production of Cargo Systems, at Ancra's facility, located at 875 West 8th Street, Azusa, California. These documents can be prominently displayed in the main office of your factory, as evidence of the amendment.

Ancra shall produce all parts in accordance with the FAA approved Ancra Quality Assurance Manual Revision "F", dated 04-21-2010, which has been presented as evidence of compliance with 14 CFR, §21.138. Accordingly, any changes to this data must be submitted and approved by our district office prior to implementation. The Federal Aviation Administration (FAA) reserves the right to require such changes, additions, or clarification's as may prove necessary, as a result of subsequent inspections and evaluations, to ensure continued compliance with appropriate regulations.

A Production Certificate and PLR authorizes the production of duplicates of specific type-certificated products and entitles the holder to certain privileges under §21.142. The FAA also reserves the right to inspect the parts for conformity with type design at any time. It should be noted that the issuance of a Production Certificate also places responsibilities upon the holder, as prescribed by 49 United States Code, Sections 44702(a) and 44704(b). We suggest that copies of the aforementioned be made available to the appropriate personnel in your organization.

If at any time you have questions concerning your privileges or responsibilities relative to your Production Certificate and PLR, please contact this office.
