## **Truck and Trailer Restraints and Accessories**

Ankra Series E Track was designed to team with Ancra end fittings, Beams Sockets and Decking and Shoring Beams for the strongest, most reliable support. Steel constructed and tested for strength, Ancra Track comes in 10 ft. (3m) lengths for a wide range of cargo resistant applications. To withstand corrosion, Ancra galvanized track has a G-90 hot dip finish with high-quality, semi-gloss enamel. Custom lengths and special finishes available, contact customer service.

**WARNING:** Reference TTMA RP No. 47-99 for installation. Attach track using screws, rivets or by welding. Contact vehicle manufacturer or qualified installer to determine fastener size and mounting method. Welding or galvanized material may emit toxic fumes. Please use caution and proper ventilation.

**SERIES E** - Series E track is made of high strength 12-gauge steel for Series E end fittings, Beam Sockets and Decking/Shoring Beams. These tracks may be attached with screws, rivets, or by welding.\*
