

People Are Getting **All Wound Up**

About The **New Load Securement Product** From Ancra

"Ancra is the world leader in load securement innovation."

"With just a few turns, I can achieve 1,500 lbs. of tension with the EZ Torque Winch."

This Could **Wind Up** Being The Most Significant Advancement To The Manual Winch. **Ever.**

Just when you thought load securement couldn't get any easier or safer, surprise! Ancra pops up with another innovation – the EZ Torque Winch.

Ancra's new EZ Torque Winch™ takes the work out of securing any flatbed load with its patent-pending gear-drive. Once the slack is taken up,

it's just a few simple turns of the removable EZ Torque Handle™ to properly tension the strap. No tedious pumping with a winch bar is needed. So whether trucks are 90 lbs. or 290 lbs., they can easily tie down a load, and make it secure.

Requires only one-third the effort to tension a strap.

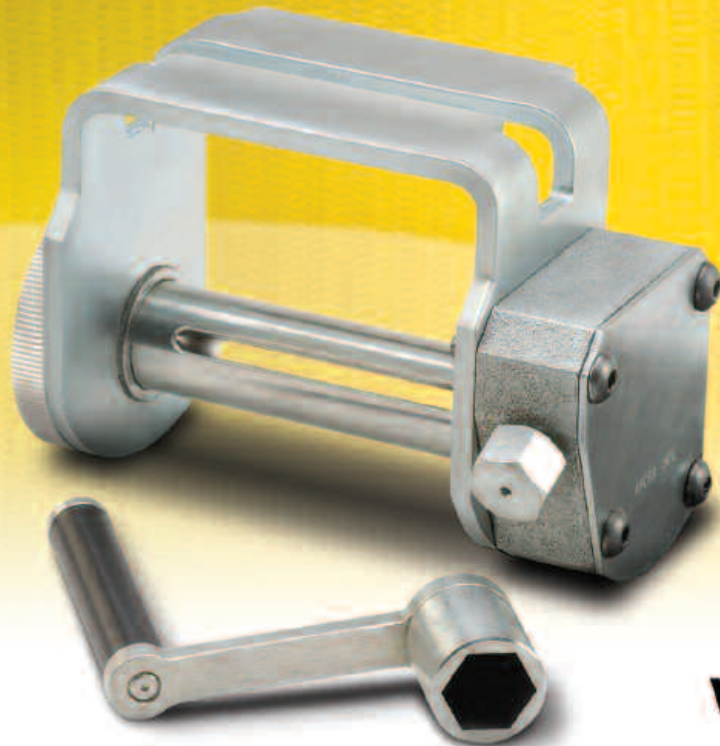

Wind Up With The Best.™

Give the EZ Torque Winch a spin. It's not only easy to use but tough enough to take the punishment of the road. But that should come as no surprise, because the EZ Torque Winch is from Ancra.

Get A Better Handle On Load Securement

**Wind Up
With The Best.™**

As far as load securement is concerned, one good turn deserves another. That's why Ancra is always working to make good things better. Case in point —

- The EZ Torque Winch™, with its patented gear-drive, **requires one-third the amount of force** needed to torque-tighten a winch strap.
- The EZ Torque Winch is **safer and easier** to use. Almost anyone can tighten a winch strap, no matter how big or small they are.
- The EZ Torque Winch can achieve **1,500 lbs. of tension on a winch strap**, with a few simple turns of its 6-inch EZ Torque Handle™.
- The EZ Torque Winch was **tested** with thousands of tensioning cycles, simulating 10 years of mechanical use.
- The EZ Torque Winch is a **convenient way** to evenly secure a load, regardless of load size.

"The EZ Torque, Winch is from Ancra. So I know I can depend upon it."

- **Faster load-securing** with the EZ Torque Winch means lower operating costs.

- The EZ Torque Winch is made from zinc-plated steel for **long life** and **trouble-free** operation.

- The EZ Torque Winch is covered by an exceptional industry-leading **one-year full warranty**

- The EZ Torque Winch is available in **slide-on models**, to fit virtually any flat-bed application.

The hand-wheel takes up the slack and the gear-drive EZ Torque Winch does all the work of tensioning a strap.
